**IS YOUR LIFE
INSURANCE
KEEPING UP
WITH YOUR
LIFE?**

Life moving ahead? Life insurance standing still? A low-cost, flexible universal life plan from Kansas City Life lets you change your level of protection or change your premium as your life changes — yet you never have to change policies. It builds cash value quickly, too, at high market-rate earnings that are tax deferred.

You're moving ahead. So should your life insurance. Talk to a Kansas City Life agent today about universal life.

Office of the President
913-628-4231

September 6, 1986

Dear Tiger Football Fans:

It's an exciting time of the year at Fort Hays State University, and we invite you to share in our enthusiasm.

First, let me welcome you to the campus and to Lewis Field Stadium. The football outlook under Coach John Vincent and his staff, is excellent. Many fine young men have chosen to play football here, and we hope for the best for them.

Academically, we are a strong institution. Many of our students came to us because they heard that our curriculum was outstanding. We're proud of our faculty and of our student body.

Athletically our program is tops, not only in our league but throughout the Midwest. We sponsor fifteen sports for women and men. Our coaches do their best to have winning seasons and bring to western Kansas the finest sportsmanship and superb competition.

We want our athletes to succeed in the classroom as well as on the athletic fields, and we try to mold the complete graduate and prepare him or her for a satisfying and enjoyable life.

Enjoy your stay at FHSU and if we can be of further assistance, please call on us. Thank you for your support.

Sincerely,

G. W. Tomanek
President

FIGHTING TIGERS 

August 14, 1986

Dear Tiger Fans:

- Welcome to Lewis Field for the 1986 football season. I hope each of you come down with a case of the "Black and Gold fever". I take great pride in being the Director of Athletics at Fort Hays State University. You as Tiger Fans should also take pride in the accomplishment of Fort Hays State University Athletics and especially our football team.

Fort Hays State University's 1985-86 athletic season was the best in our history. The Tiger Football team showed excellent poise on and off the playing field as well as presenting themselves as "winners."

We are still pursuing our goal "strive for excellence in athletics." When we as athletic staff, university administration, faculty, students, alumni and fans work together we can make Fort Hays State University, "The University of Western Kansas", the best in the west in academics and athletics.

- I sincerely hope coming to Lewis Field will be an enjoyable and exciting experience for you, and I am hoping you will catch the Black and Gold fever.

Regards,

Robert Van Poppel
Director of Athletics

LEWIS FIELD STADIUM

Lewis Field Stadium, the 7,000-seat home of the Tigers, was constructed in 1936 on what was formerly the Golden Belt Fairgrounds, and named in honor of William Alexander Lewis, president from 1913 to 1933.

The native limestone structure is located beside a spacious tree-lined drive and is just a short walk from the campus residence halls and the downtown business district.

The 1985 Tigers brought in a total of 19,163 fans in five home contests. FHSU averaged 3,923 paid ticket holders per game last year. The largest crowd was 8,082 for a homecoming affair with Kearney State on Oct. 5. It was the second straight season the Tigers surpassed the 8,000 mark in attendance for homecoming festivities.

The stadium turf is Bermuda grass, the same strong-rooted plant used in golf course greens.

Dressing rooms, concession areas, restrooms, athletic training facilities, and equipment storage rooms are located under the grandstands.

Fans are admitted through two main gates located on both the east and west sides, with four ticket windows in service for the game.

Atop both the east and west grandstands are press box facilities which provide seating for writers and statisticians, three radio stations, scouts and three film crews.

An eight-lane, cinder track surrounds the playing field and adjacent to the stadium are regulation size practice facilities.

TIGER BOOSTER CLUBS

Contributors to the Fort Hays State University athletic program can join one of several booster clubs depending on the amount of their contribution.

The Black and Gold Club is for contributions of \$5 to \$99. Features of this club include a membership card entitling the holder admittance to Tiger Rooms, schedules of athletic events, the athletic newsletter, priority on purchase of football and basketball season tickets and special events and travel.

A \$100 to \$250 donation enables contributors to be classified as Century Club members. Besides the above mentioned features, members receive their name in athletic programs.

Another popular booster club at Fort Hays State University is the Tiger Beef Club. Membership in the Beef Club is awarded to interested boosters who contribute a steer or cash (\$250 or more) each year. Proceeds from the sale of such livestock go directly into the department's budget. Beef Club contributors, in addition to the above, receive a reserved parking space at athletic events.

The highest level of membership is the President's Club, Flying Tigers and President's Round Table for contributions of \$1,000 or more. These club members have top priority on purchase of football and basketball season tickets, VIP parking, and are eligible for all the features of the other clubs.

UNIVERSITY ANTHEM

On the plains of Western Kansas
Stands a school we all love well.
'Twas built by the toil of our fathers;
To its glory our voices swell.

Chorus;

Hail to old Fort Hays State!
Let your voices ring
Praise for the Black and Gold
We will ever sing
Long may our valor last
Through the future days
Hon'ring and praising
Dear Fort Hays.

In the years that lie before us
We foresee our land's many needs.
Through the efforts of new generations,
We'll go on to more noble deeds.

FHSU Fight Song

Go you, Hays Tigers,
Fight right through that line.
With your colors flying
We will cheer you all the time.
Rah, Rah, Rah.

Go you, Hays Tigers,
Fight for victory.
Fight for the fame of our fair name,
Go Hays Tigers
Win this game.

National Association of Intercollegiate Athletics

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics to nearly 500 fully-accredited colleges and universities of moderate enrollment. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the Association.

HISTORY AND PURPOSE

Established in 1940 as the National Association of Intercollegiate Basketball (NAIB), the NAIA emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City, Missouri. The conversion of the NAIB to the NAIA came in 1952 when the organization expanded beyond basketball and added national championship events in golf, outdoor track and field and tennis. Football, cross country, baseball and swimming were added to the championship event calendar in 1956, and wrestling (1958), soccer (1959), bowling (1962-78), gymnastics (1964-84), indoor track and field (1966), ice hockey (1968-83) and volleyball (1969-1980) were later additions.

Of major significance to the NAIA, was the establishment of the women's division within the Association on August 1, 1980. The NAIA decision to offer competitive opportunities and championships in women's athletics was passed by the membership following two years of study and proposals by an ad hoc committee on the implementation of a women's division in the NAIA. Currently, the Association conducts ten championship event programs for women in the sports of basketball, cross country, gymnastics, indoor and outdoor track and field, softball (fast pitch), soccer, swimming, tennis and volleyball.

The initial purpose of the NAIA — to provide national championship athletic opportunities to institutions below the so-called "major" level — has indeed been well served. The Association clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the institution. This means direct supervision in caliber of competition, financing of the program and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program is a basic component of the overall educational process and not an entity apart.

ADMINISTRATION

The NAIA is governed by two bodies. The Council of Presidents, composed of one president from each district, is responsible for fiscal matters, academic standards and supervision of the national staff. The 10-person Executive Committee, elected by the membership, is responsible for organizing championship events and overseeing the committees and associations. The Executive Director conducts the day-to-day operation of the National Office, headquartered in Kansas City, Missouri. A full time staff of fifteen serves the membership from the National Office.

The District is the basic unit of the NAIA. The Association is organized into 32 geographical districts spread over the 50 states and part of Canada. Each District is governed by a District Executive Committee, headed by the District Chair. The District Executive Committee establishes district playoff events, the champions of which qualify to compete in NAIA Area and National Championship competition.

Eligibility rules within the NAIA govern all play in all sports recognized by the Association, not just post-season play. All eligibility guidelines must be adhered to by all members, including those holding dual affiliation with other associations. Certification of eligibility of all NAIA participants is accomplished through a network of people including faculty athletic representatives, District Eligibility Chairs, and the National Eligibility Committee.

MEMBERSHIP

Any four-year college or university and upper level two-year institution in the United States and Canada that awards the bachelor's degree or equivalent, may hold active NAIA membership. Active member institutions must be fully accredited by an appropriate accrediting agency or commission.

OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletics programs with the standards of the regulatory associations in which they hold membership, and the NAIA. They must pay their annual membership dues and be in support of the policies of the NAIA. Where institutional rules and standards are more stringent than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.

An aerial view of Fort Hays State University depicts the campus many have said is the "prettiest in Kansas." All the buildings are faced with limestone and the new, lush grass and beautiful trees help the campus live up to its reputation.

THIS IS FORT HAYS STATE UNIVERSITY

Fort Hays State University's beautiful tree-lined campus provides students with an attractive educational setting.

The University is located in Hays, a city of more than 17,000 persons, situated about halfway between Kansas City and Denver on Interstate 70 Highway.

Faculty at FHSU number more than 300. An additional 280 staff members contribute to the friendly, clean atmosphere found on the campus.

Students at FHSU have the opportunity to pursue a career by selecting from 24 departmental offerings, our school of nursing, or from our pre-professional programs. The University offers degrees including, one-, two-, four-, five- and six-year study programs, and we offer the associate, bachelor's, master's and specialist in education degrees.

Annual enrollment at FHSU is more than 5,000 students. Two-thirds of the student body are graduates of rural Kansas high schools.

The University offers students a variety of

extracurricular activities in which to participate. Departmental and professional clubs, intramurals, varsity athletics, and other groups and activities beckon those with the talent and time to participate.

Four national sororities and five national fraternities maintain chapters here and add to the social, academic and philanthropic activities of student life.

Several concerts are brought to campus each year by the Memorial Union Activities Board. Other entertainment forms come as speakers, dancers or touring groups and individuals.

Fees at FHSU are comparable to other state-assisted institutions in Kansas and considerably less than the private colleges. Persons enrolling in 15 hours of work should be prepared to pay about \$500 each semester at FHSU. Fees do not include the cost of books.

For housing, the University offers two women's residence halls, two men's residence halls, one coed hall, and married student housing, all within easy walking distance of classes.

CALL US...For more information about FHSU, call us TOLL FREE (in Kansas) at 1-800-432-0248 weekdays between 8:00 a.m. and 4:30 p.m.

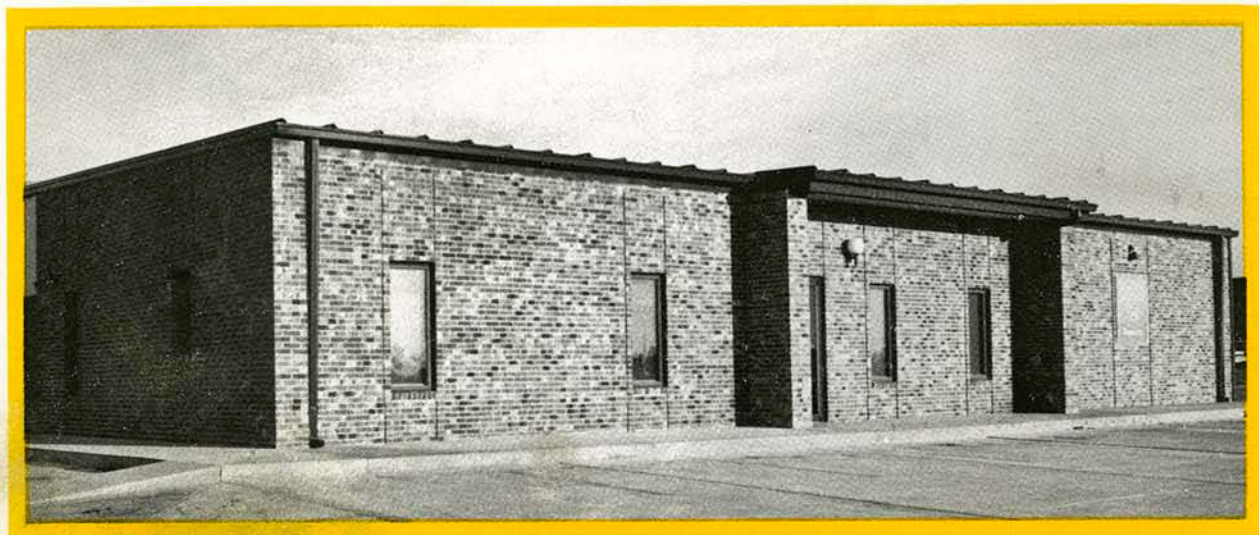

CAMPUS TOURS...Are available weekdays by contacting the Assistant Director of Admissions (TOLL FREE: 1-800-432-0248, ext. 5666, or (913) 628-5666.)

HAYS CITY...Is the medical, agricultural, educational, and cultural center for the whole of northwest-central Kansas. There are many fine restaurants and motels, businesses, and numerous activities in Hays just waiting for you!

Picken Hall is probably the most identifiable building on the FHSU campus. The stately pillars have been used countless times for photographic purposes.
